

Imagine you could design the perfect town for you. Describe what would be in it.

My perfect town would have pumpkins, buses, and toys. If you didn't have pumpkins you would have nothing to carve.

Ella Lane, Kindergarten, Hilton Elementary School, Ms. Edwards

My perfect town would have eagles because I like to see them.

Lyfe McNew, Kindergarten, Hilton Elementary School, Ms. Mullins,

If I could design my own town it would be called Barbie Town. It would have a food court, stores, schools, cars, and everything a good town needs. Except kids have cotton candy for lunch every day. Everyone would be nice and generous. That's my own town.

Destiny Porter, 2nd grade, Hilton Elementary School, Mrs. Rhoton

If I could design a city it would be protected and peaceful. I would put sidewalks so my friends and I can walk to school with each other. I would put in a laboratory, library, park and giant skyscrapers. I would put a hospital for people who get hurt or sick. My town will be called, Fun Town. I would love everybody there. These are all the things that would make my town perfect.

Hunter Begley, 3rd grade, Hilton Elementary School, Mrs. Crawford

What I would decorate in my town is a garden with flowers and a village with a farm. It would have animals. I would have a library with lots of books that are fairytales and real stories. Plus, I would have a daycare and a school in my town. I would also have restaurants and lots of small houses.

Kayla Crawford, 3rd grade, Mt. Carmel Elementary School, Ms. Bledsoe

Everyone would live in a tiny house because I want to live in a tiny house. They would have puppies, such as beagles, and they would have a peacock. In the school, every kid would sit on a yoga ball because it helps them focus. They would get a class pet that would be an owl. The name of my town is Scareville. The girls are witches and the boys are vampires. We wouldn't celebrate any holidays except Halloween.

Maddax Fain, 3rd grade, St. Dominic School, Dr. Carr

If I could design the perfect town I would put a lot of fire stations and police stations so people would be safe. I would have apartments so people can have a house and some parks so people can play. I would call it Brianville.

Brian Head, 3rd grade, Mt. Carmel Elementary School, Ms. Bledsoe

If I could design the perfect town it would be beautiful. The town would always look ship shape. There would be flowers on the sides of the roads and colorful trees in parks. There would be big and little houses. You could walk everywhere on the sidewalks. There would be a lot of shops. There would be candy stores, organized grocery stores and places where kids and adults could jump on bouncy houses. There would be sports fields and other places to play. This is my idea of a perfect town for me.

Mary Jessee, 3rd grade, Hilton Elementary School, Mrs. Crawford

My perfect town would be like a beautiful meadow. It would have a waterfall. There would also be all types of animals that were beautiful. The houses would be made out of wood, grass, and leaves. That's my perfect town.

Maddie Couch, 4th grade, Dungannon Intermediate School, Mrs. Stapleton

There would be about ten farms. There would be lots of animals. Everything would be cheap. I would have every job and give more money than usual. I would have the best town ever!

Edward Green, 4th grade, Dungannon Intermediate School, Mrs. Stapleton

If I could design a town it would be an old classy city. The towers will be tall and high with round clocks on it. The other buildings would be rectangular shaped. The girls will wear long dresses and they will have long hair. The men will wear pants, button up shirts, jackets, ties, and shoes. The cars will be old fashioned from the 50's. My town is called Londome. My town is perfect for me!

Caroline Spivey, 5th grade, Weber City Elementary School, Mrs. Webb

If I could design a perfect town it would be awesome. There would be a huge mall. Everything would be free. There would be a cool place for people my age to hang out without our parents. There would be an awesome place to ride four wheelers. There would be tons of cute boys. And a place I could go to get away from my sister. That is just some of the things I would put in my perfect town.

Sierra Adams, 6th grade, Rye Cove Intermediate School, Ms. Livesay

If I could build the perfect town, it would be nothing like other towns. First, I would make sure the schools had no bullying. Next, I would have a lot of fun things to do and would have a lot of shopping centers. Lastly, on special holidays or occasions, I would make that the whole town had a big get together. My town would be amazing for everyone there.

Bailey Gillenwater, 6th grade, Yuma Elementary School, Ms. Mullins

My town would be like an old timey 17th or 18th century town. No one would have cars, Internet, Wi-Fi, or games. They would wear overalls or dresses like in the old movies. Everyone would have farms, barns, and gardens. Most importantly, everyone would mind his or her parents.

Summer McCracken, 6th grade, Powell Valley Middle School, Ms. Johnson

The perfect town for me would be filled with games, churches, and Legos. First, I would make a video game store for everyone to be able to come and play for free. Then I would build churches all around the town. Finally, I would make a Lego park that anyone can come and enjoy. This is my idea of the perfect town.

Tommy Starnes, 6th grade, Yuma Elementary School, Ms. Mullins

If I had a town for me it would have a hospital for everyone to use. It would have a friendly community center. The town would have community sports teams. It would have a soup kitchen for the hungry. It would have a clothes closet for people who cannot afford clothes.

Lydia Tankersley, 8th grade, Pennington Middle School, Mrs. Jones/Mrs. Edwards
