My favorite kind of weather is summer. Hot weather means swimming in the pools, getting a tan, the cool breeze, and all the rain to cool you off. I love the hot weather because the cold is harsh and chilly. Swimming is my favorite thing to do during the summer. Getting a tan is natural to me. I am dark already, but I like getting even darker in the summer. Then there is the rain. It cools you off, and the sound of it hitting a tin roof is so peaceful.
