

What is something you did this year at school that you will remember for the rest of your life? Why?

Field Trip!

This year I did a music program at school. My parents were there and so was my sister, Emily. I will never forget it. I'll always remember the program because I had a solo. I was scared, but I got over it. My dad said I sang beautifully. I will always remember the program.

Kassidy Willard, 2nd grade, Rock Springs Elementary School, Ms. Charlton

I will always remember my teacher. She is very nice. If you haven't had her yet, when you do, I think you'll like her also. She is very sweet. I will always remember my teacher.

Kaitlyn Dunbar, 3rd grade, Weber City Elementary School, Mrs. Sanders

The one thing that I will never forget about third grade is our awesome field trips. One field trip we went to was Barter Theater and watched Frosty the Snowman. After that, we went to Melllow Mushroom. The next day we went to watch the Nutcracker. At one part of the play it started to snow, but it was not real snow. The field trips in third grade are awesome.

Gideon Nickels, 3rd grade, Weber City Elementary School, Mrs. Sanders

The thing I will remember from this year of school is my teacher. She is the best teacher I have ever had, but sadly she is retiring this year. I really hope she doesn't leave. So, my teacher is my most memorable thing.

Lynzi Hurd, 3rd grade, Mt. Carmel Elementary School, Ms. Bledsoe

Something I did this year in school and will remember for the rest of my life is how much I learned. I thought I knew all about fractions, but I didn't. I have always wanted to learn multiplication and division, but this year I did. In science, I didn't notice how much I liked learning about space. In reading class, I liked it when we wrote poems.

Zoe Payne, 3rd grade, Mt. Carmel Elementary School, Ms. Bledsoe

Boy! So many great memories in fourth grade! Here's the memory I have chosen to remember forever! I will never forget the day we did the Cardboard Challenge. We had to make creative games. We made arcade games out of cardboard! The teacher gave us teams and we brought some of our own supplies. My team and I made a rocket. I like the Cardboard Challenge because we are saving the earth! But, also because I got to show my wild side! This is something I will never forget about fourth grade!

Abigail Fraysier, 4th grade, Miller Perry Elementary School, Mrs. Jeffers

One thing that I will remember for the rest of my life about this school year is being able to be a part of the safety patrol. One reason is because I was able to help put up the chairs for the Pre-K class. I enjoy helping the students get out of their car and greeting their parents. It is fun monitoring the hallway. These are a few reasons why I will remember safety patrol for the rest of my life.

Joshua Delano, 5th grade, Weber City Elementary School, Mrs. Webb

Something I did this year that I will remember for the rest of my life is holding our class pet lizard, Elliott. We were so excited when we got him. About a week or two after we got him, we got to pet him. Then shortly after that, we got to hold him. We had our picture made with him. That is something I did this year that I will remember for the rest of my life.

Kaylee Keith, 5th grade, Nickelsville Elementary School, Mrs. Fraley

I have many things I will remember from this school year, but the main thing I will remember are all my sweet teachers. One reason I'll remember them is because they are all so much fun. Also, they are really cool! Another reason is they help me understand things I have trouble with. I'll always remember my teachers.

Renee Sexton, 5th grade, Yuma Elementary School, Ms. Mullins

I received an award for poetry. The school board awarded me with a plaque. I won Best in the County. We took a picture and I received a twenty-dollar gift card. I was so proud of myself. My parents were very proud of me, too.

Alivia Davidson, 6th grade, Powell Valley Middle School, Ms. Johnson

What is something you did this school year that you will always remember? To me, it would have to be our sixth grade field trip to Dollywood. One reason why I will always remember it is because I had so much fun with my friends. Plus, because we rode the Wild Eagle eight times. I also had the chance to get to know some of my classmates better. I will always remember my field trip to Dollywood.

Lauren Meade, 6th grade, Yuma Elementary School, Ms. Mullins

This year I was published in the newspaper. I will never forget this because it was the first time something I had done was "put out" for people to see. I also won't forget this because my mom has the newspaper framed and hung up in the living room. This is what I will never forget about this year.

Emily Adkins, 7th grade, Holston Valley Middle School, Mrs. Taylor

Something I did this year in school was made two jump shots in a basketball game against the number one team in the league. The reason this was so good for me was because it was against the best team in the whole league. Another reason that this is so exciting is because the players were so tall, so I didn't really get to shoot that much. The final reason I will remember this moment is because the eighth graders played most of the game, and I was subbing in for one of them. This is something that happened at school that was very memorable.

Brayden Blevins, 7th grade, Holston Valley Middle School, Mrs. Taylor

Something I did this school year that I will remember was attending All-County Chorus. I will remember this because it was a special opportunity for some of the chorus kids to meet up and sing with students from other schools. A very large group of students practiced all day at Northeast State Community College, and performed that night in front of a large group of teachers, parents and family members. This is an example of one of the many things I will remember from my seventh grade year.

Maggie Craig, 7th grade, Holston Valley Middle School, Mrs. Taylor

Something I did this year that I will remember forever was being a part of a group called L.O.T. L.O.T stands for Leaders Of Tomorrow. It is a special group where you take a learning field trip every month for free. All of my best friends were in there, I was so happy. This is something I'll remember forever!

Ciara Haynes, 7th grade, Pennington Middle School, Ms. Haynes

I will remember when we did the math strips for the rest of my life because I like counting.

Joseph Arrington, Kindergarten, Hilton Elementary School, Ms. Edwards

My favorite memory from this school year is the hayride. The marshmallows were my favorite part. They were so good.

Lyfe McNew, Kindergarten, Hilton Elementary School, Ms. Mullins

One thing I will never forget is when we collected a lot of money. It was for black boards in Sudan.

Christopher Jenkins, 1st grade, Lincoln Elementary School, Mrs. Trapp

I will never forget my friends because I love my friends.

Neveah Lambert, 1st grade, Lincoln Elementary School, Mrs. Trapp

My favorite thing that I did this year was complete a STEM project. I loved the STEM project because it was awesome! I got to make it just the way I wanted it. I used school supplies to make it. I made it out of string, plates, sticks, tape, and cotton balls. This was the best day ever because I had fun!

Jordyn Corner, 2nd grade, Mt. Carmel Elementary School, Mrs. Short

One thing that I will remember in second grade is that we went to WCYB weather station because we were studying weather. It was so amazing. Not a lot of people get to go to WCYB. We met Preston Ayres and David Boyd. We got to tour around the station. We learned how they make the weather forecast. We were even on the TV screen. It was the best field trip ever.

Destiny Porter, 2nd grade, Hilton Elementary School, Mrs. Rhoton

In second grade, we learned about Egyptians. We learned about King Tut. We made mummies and that's something I'll remember forever!

Sophie Scaff, 2nd grade, Nickelsville Elementary School, Mrs. Gilmer

I made a new best friend. Her name is Kassidy. She is very nice. She has blue eyes. When I am sad she comes and makes me happy again and again. She's always happy. She's always nice to me. She is never mean to me. She has short hair, and she is never sad. She likes pink a lot. She is funny. She does the right thing. That's why she is my best friend.

Jocelyne Vaca, 2nd grade, Rock Springs Elementary School, Ms. Charlton
