

“To have a big heart” means to be giving and caring. Describe someone you know who has a big heart.

Someone I know who has a big heart is my friend named Madelyn. She does cheer with me, and when I first started cheer she was my first friend on the team. We do a lot of things together like sleepovers. We go to the YMCA together. When I go to cheer like every time we go we ask for a sleepover. Every time I go to her house her sister want to play with me, and she is eleven years old. I love Madelyn, and she is one of my best friends.

I think Anna Rose Shepard is the most giving person I know. She is always trying to help out, she always forgives and forgets, and she has great manners. If someone got hurt she always tries to help them. One time we got into a big fight and it was all my fault but she forgave and forgot and we were friends again. Whenever she comes over she has amazing manners. She always says please and thank you and nice things like that. Anna Rose Shepard is the most caring and giving person I know!!!!

In my opinion, my Nana had a very big heart. My Nana always cared for everyone, no matter who they were. Every Sunday, my Nana used to make a dinner for our family. She even sent a plate with my Pap for work to give to one of his co-workers. My Nana used to do anything for anyone. She would always go to the store or something for my family members if we ever needed anything. It didn’t matter what time of the day it was. So, that was a person I knew that I thought had a big heart.

One of my best friends, Emilie, has one of the biggest hearts. You’ll never meet anyone more caring than her. She’s always there for you when you need her. She will do everything she can to help someone in need. I’ve never met someone that is more helpful. Courageous, loving, caring, and so many more things. She truly has a “big heart”.

The people I think have big hearts are my parents. My parents have big hearts because they are willing to put clothes on my body and get food into my mouth. My parents are also willing to travel for me to play sports. They are loving and caring for me, my brother, and my sister. They will work overtime just to get a new pair of shoes for me. They encourage me. They are really big role models in my life. One day, I hope I can treat my kids the way my parents treat me.
