

St. Patrick's Day is coming up! Think about a time you were really lucky. Write about your experience and how you felt.

Have you ever been lucky? I have! I was really lucky when I met Whitney. We became best buddies from the day we met. Whitney was so nice to me. I was so happy. We have had a few arguments, but we will be friends to the end. These are some of the facts why I am lucky. I hope you are lucky enough to have a friend like Whitney.

This is the time I got lucky! So it was Saturday. I play baseball on Saturdays and Sundays because I am travel. So I was up to bat and I hit the baseball off of the handle (which you usually don't hit it that far). The baseball went so far it hit the fence. It was so extraordinary! I just ran and I got an inside the park home run. It was great! That was my lucky day!

When was the one time I felt lucky? I felt lucky when I got a fish hook out of my finger. It was a really frightening experience. I am so glad I got it out. I really thought I would have to get that part of my finger amputated. It was really scary. This is the one time I was lucky.

One unusual day in November, I stumbled upon great luck and fortune. It all started when I woke up that morning. It seems very odd because I was actually not dreading going to school. When I arrived at school, the best thing I could possibly imagine came true! My crush of many years finally answered my question with a "yes". The luck didn't end there. When I got home, my parents informed me that they had received thousands of dollars. They saved some money for each of my siblings and me for

college and to spend at any time. That was the best and most unusual day of my life.

Zoe Taylor, 8th, Pennington Middle, Mrs. Clark

I am lucky I have a mom and dad. They help me when I am sick. We have a lot of fun when I feel better. My mom and dad are lucky they birthed me. We go to Gatlinburg. I see a lot of animals there. I love to go to Gatlinburg for a fun time.

I was really lucky that I only had to wear a cast for only five weeks. Everyone who saw my arm after I broke it thought I would have to have surgery that night. It turned out I just had to be put to sleep and they put my arm in place. The doctors even thought I would have to wear one for ten weeks, but it healed really fast, though. That's how I was lucky to only have to wear a cast for five weeks.

One time I was lucky was when I met Zack Efron at Tybee Island in Georgia last summer. They were filming the new version of Bay Watch. Not a lot of people famous people and later on that day found \$20.

The one time I was really lucky was when I got my dog. My dog's name is Thor. My family rescued him from the Sullivan County Pound. Thor was lucky too because he would not be here today if it wasn't because of us. I felt so happy when we got him. This is the one time I was really lucky!

Ashley Ring, 5th, Weber City Elementary, Mrs. Webb

When was a time I felt really lucky? I was really lucky when I got a new papaw. In 2007, My Papaw Earl passed away. I was just one year old; just before my second birthday. Luckily, in 2012, my mamaw remarried to my Papaw Dave. I was so happy to get a new papaw! We play with a train set that has all kinds of towns and plastic people. Mainly, we play with Nick Newton, a character we made up. Also, my Papaw Dave taught me how to play softball and golf. I love my papaw so much and feel lucky to have him in my life.

Paige Scott, 5th, Yuma Elementary, Ms. Mullins

A day I was really lucky would be when I got my kitten, Lilly. She has orange fur and eyes, and seven toes on each paw. She is really sweet and loves everyone. I got her from my cousin because her cat had kittens. She was so cute and looked like a cotton ball rolling around with her brother and sisters. She is short haired, so she stood out. I've had her for a long time, and I'm lucky to have her!

St. Patrick's Day is coming up fast! In honor of this, I will tell you a time when I was really lucky. The time I will tell you about is when I and my friend were shooting around in the gym. We were joking around and I shot a backward half-court shot. It went in! I was shocked! My friend said, "Are you serious?" It was the luckiest thing ever. That was a moment when I was really lucky! When did you have luck on your side? Have a great St. Patrick's Day!

The day when I was lucky was when I got my new dog, Chico. I love her so much we got her about two years ago and she has made my life amazing. One way I was lucky is because she is a loving dog and she always makes me happy. Some other reason why I was lucky is because My old dog Tuck got ran over on Christmas. I was so upset I couldn't sleep that night because I missed him so much and getting Chico made me very happy. One more reason why I am lucky for her is because I always get to play with her when I get home from school. I am lucky for a lot of things especially my Amazing family but my family and my dog are the luckiest things that have ever came into my life.
