

What was your favorite activity or event this summer and why?

My favorite activity this summer was going to Hype Camp. Camp was filled with exciting and fun activities. This camp also teaches kids to help the community. We helped the community by doing community service learning projects every Wednesday. Also, Hype Camp provides many opportunities to exercise. We got to listen to music while we played most of our games. We even had a lip-sync battle on the last day of camp. I loved this summer, and I can't wait for next summer!

Tia Spivey, 6th, Weber City Elementary, Mrs. Sanders

My favorite event of the summer was the solar eclipse. Here it didn't really get dark. We could only see 96% of the solar eclipse. Also we didn't know how to get the safety glasses so we used a .4 welding helmet. The solar eclipse was amazing. I look forward to the next one.

Timmy Johnson, 6th, Weber City Elementary, Mrs. Sanders

My favorite activity is going swimming with my siblings. Swimming is my favorite activity because it's fun. You can play games in the pool. You can jump off the diving board. You can go down slides. I also like swimming because when it's hot you can swim in a cold pool. That's my favorite activity or event this summer.

Morgan Patrick, 6th, Weber City Elementary, Mrs. Clark

My favorite summer activity was watching the Solar Eclipse. We watched the Solar Eclipse in Cades Cove. It got really dark when the moon passed in front of the sun. We also made a video based on the pictures we took of the Solar Eclipse. Watching the solar eclipse was the best summer activity ever!

Joseph Arrington, 2nd, Hilton Elementary, Mrs. Rhoton

Over the summer I did some interesting and fun stuff. The main two things that were my favorite was when I went to Virginia and my mamaw's with my best friend.

I'd never been to Virginia before, so I had quite an adventure. Sarah and I rode carnival rides and had a really good time school shopping. My mamaw's house is very entertaining; she lives on a big farm so there was so much to do. We learned how to drive a go-kart and almost hurt one another, but it was so much fun. I can't wait until next time we go back. I hope next summer is this exciting.

I hope next summer is this exciting.

Taylor Wayne, 8th, Surgoinsville Middle, Mrs. Hensley

My favorite thing over the summer was going to the Governor's Crossing in Pigeon Forge. There was so much to do there. They had water slides, pools, and great food. My time there was great and spending time with my family there made it even better.

Seth Marshall, 8th, Surgoinsville Middle, Mrs. Hensley

I went swimming and played tag with my brother. **Brooke Raby, Kindergarten, Hilton Elementary, Ms. Howe**

I liked going to the park. I am learning to do the big monkey bars.

Isaiah Fields, Kindergarten, Hilton Elementary, Ms. Howe

My favorite activity this summer was swimming because I learned how to swim. I liked swimming in the indoor pool because there is nobody in there. My favorite part about that was we got to stay in the pool for a few hours. I hope I can do that next summer.

Abigail Carver, 3rd, Hilton Elementary, Mrs. Crawford

My favorite activity this summer was camping because I like playing in the lake with my friends. I got to jump on a jumping pillow and do flips. I had to sleep out in a tent and one night it rained. I also got to sleep in a camper and it was fun. I hated having to leave but I knew we'd get to come back. I loved camping out this summer.

Cheyenne Carrier, 3rd, Hilton Elementary, Mrs. Crawford

This summer my favorite thing to do was play with my cats. My cats are very funny in many ways. They chase after my toes, rocks, string, sticks, and each other. They are always into something. Over the summer I brought a balloon outside and let my cats play with the string. One of my cats got the string stuck on its paw and I had to chase it and get it loose.

Anna Parks, 5th, Nickelsville Elementary, Mrs. Fraley

This summer my favorite thing I did this summer was go to the beach and go to Dollywood. I went fishing at the beach.

Ethan, 5th, Nickelsville Elementary, Mrs. Fraley

My favorite summer event was traveling to Roanoke. My most favorite part of the event was my reaction to how big the college was. Also I got to sleep with my music in my ear without anyone disturbing me. I also got good pictures of baby wolves. It was cool staying Roanoke because I got to see my big brother Nick again. That's why I picked this event for my paragraph.

Emma Borders, 5th, Weber City Elementary, Mrs. Webb

My favorite summer activity was Fun Fest 2017. I love Fun Fest because I get to spend time with my family and friends. My favorite activity was Mardi Gras. I got to meet Miss Kingsport, get my face painted and much more. My 2nd favorite thing was painting trash barrels with my best friend Keyarra. Also the

fireworks were so cool. This summer was one of the best Fun Fests I've ever been to and I hope it's as good next year or better. I love Fun Fest!

Kaidance Clark, 5th, Weber City Elementary, Mrs. Webb

My favorite summer event was California. We went to Moonstone Beach. I got a lot of moonstones. It hurt my feet even with my crocs on. We didn't try to get in the water because it is so cold. My uncle's house was cool. It had a pool. We swam a lot. It also had a hot tub too. We went to the pool and hot tub every night. It even had an air hockey table. We went to see the General Sherman tree. The biggest tree on earth.

Carter Alley, 5th, Weber City Elementary, Mrs. Webb

My favorite summer activity this year was traveling to Amish country, Lancaster. The first thing we did there was carriage rides. Carriage rides are always fun because you get to pet horses and see an Amish farm. We saw, and petted: kittens, puppies, mini horses, baby cows, and huge milking cows. Next we went into the room where Amish farmers store their cow milk. It looked like it could store about 200 gallons of cow milk from about 150 cows. Later we stopped at antique stores for bobble-heads. I have been collecting bobble-heads since I was 5. I added Thomas Jefferson and Robert E. Lee to my collection. I love Amish country. I completely recommend Amish country, Lancaster.

Morgan Staney, 5th, Weber City Elementary, Mrs. Webb

My favorite thing this summer is when I went to 4H camp. It was the best camp I went to in a long time. Some of my friends were there and I met a lot of new people that became my friends. We played so many games but my favorite was 4 square. I also liked going to Bush Gardens but 4H camp is still my favorite.

That's my favorite thing this summer.

Macee Collins, 5th, Elydale Elementary, Mr. DiVirgilio

This summer I played hide and go seek. My family and I like to play hide and go seek. But to make the game a lot more fun we play at night. We get 5-8 of us and we play. And instead of us tagging people with our hand we tag them with a glowing dart.

Gabriella Hamilton, 5th, Elydale Elementary, Mr. DiVirgilio

My favorite summer activity was when we went to the aviation museum. My aunt and I saw a real World War II pilot. We saw the coolest fighting jets ever. My brother and I saw very huge airplanes. That day was very fun. I hope I go back with my family.

Cash Jones, 2nd, Hilton Elementary, Mrs. Edwards

This summer my favorite activity was camping. I like camping, hiking, biking, swimming, fishing, and hanging out on the playground. I went hiking up a mountain. I hiked James Bald. It was 50,000+ feet above sea level. I like fishing and swimming because they are both aquatic and I love aquatic activities. I like swimming because I dive off the diving board and doing other cool stunts. I like fishing because I always wonder what I am going to catch. I love camping for these reasons and that's why I wrote about it.

Max Taylor, 2nd, Hilton Elementary, Mrs. Edwards

My favorite summer activity was the cook out with my family on the 4th of July. I also swam with my niece. We ate hot dogs and hamburgers. After that we ate ice cream. And then we got back in the pool. I liked it because I got to spend quality time with my family.

Elizabeth Jennings, 2nd, Hilton Elementary, Mrs. Edwards
