

If you were principal of your school for a day, what would you do?

If I was principal for a day I would let it be a free day because I think all the students should get a day for their brains to rest from all of the work.

Zeke Ward, 4th, Weber City Elementary, Mrs. McClain

If I was the principal for a day, I would make the kids sleep in. Instead of 7:00 a.m. to 3:00 p.m. school would be 10:00 a.m. to 3:00 p.m. And I would make PE longer. Also, eat candy for lunch.

Bryan-David Vaughn, 5th, Elydale Elementary, Mr. DiVirgilio

Why I would want to be a principal for a day is I could see if anybody is bullying in the hallway through the cameras. I could see who it is bullying somebody. That is why I want to be a principal for a day.

Raegyn Collier, 4th, Weber City Elementary, Mrs. McClain

If I was principal of Miller Perry for one day, oh the students are in for a treat! First, I would tell everybody to go outside for one hour. Then we would have the best lunch ever and ice cream for everybody. Then everybody would have a huge party with food and games. If I was principal for Miller Perry the students would love me forever!

Noah Burton, 4th, Miller Perry Elementary, Ms. Jeffers

If I was principal of my school for a day I would build a dirt bike track in the field. I would let the students do anything they wanted to do. I would let the students play dodge ball. I would let students play on their phones.

Ethan Hatfield, 6th, Elydale Elementary, Mr. DiVirgilio

If I was principal for a day I would let pre-K through third grade paint all day. I would let fourth through sixth grade have recesses all day but for one hour have everyone learn.

Kandice Livesay, 4th, Weber City Elementary, Mrs. McClain

If I was principal for one day I would make people work and if they needed help I would help them. At 10:00 we would read for 30 minutes. Then we would do arts and crafts for an hour. That's what I would do if I was principal for a day.

Emma Brandt, 4th, Weber City Elementary, Mrs. McClain

If I was the principal of Miller Perry for one day here is what I would do. The first thing I would do as the principal would be to have a pajama day for all the kids that were good. Then when we switch blocks different students would be in your class. That way you could make new friends! The last thing I would do as the principal is instead of having carpool in the first grade pod, I would have it in the extra lunchroom. Those would be the changes if I was the principal.

Sydney Roberts, 4th, Miller Perry Elementary, Ms. Jeffers

If I was the principal of my school I would give everyone puppies. I wouldn't make anyone do work or homework. I wouldn't let them fight or make fun of each other. I would let them have anything they want for lunch. I would be nice to the students and the teachers. I would give the students candy.

Bethany Hensley, 5th, Elydale Elementary, Mr. DiVirgilio

If I was a principal for one day I would have a swimming pool, hotdog room, and a game room. I would make the lunchroom into a swimming pool. The pool will glow when it is dark. My classroom will be a hotdog stand and on the hotdogs I will have onions, tomatoes, ketchup, and mayonnaise. The game room is going to have a lot of games. Some of the games will be Pie in the Face and Googly Eyes. We will make blue slime. We are going to have electronics. We will be using Kindles, iPads, and iPhones. That fun day will be awesome, exciting, and cool. The best thing about that day will be the swimming pool.

Braylie Chaffin, 2nd, Hilton Elementary, Mrs. Edwards

If I could be principal for a day I would make a mess. First, I would make the teachers cookies and the kids will each get a cookie too. Then I would play a game with the students and if they get it right they will get a piece of candy. After that we will have a cookie party for the students who have been super and the ones who haven't will get one bowl of strawberries. What would you do if you could be the principal for a day?

Ashlynn Willis, 4th, Miller Perry Elementary, Ms. Jeffers

If I was a principal for a day I would ask the kids if they have a problem at school that they need to talk about to me. Sometimes if you're a shy person, you don't want to tell anyone about a problem at school.

You can be embarrassed or afraid that someone would hurt you if you said anything. It is important to make sure everyone is safe in the school. And that is what I would do if I was the principal for a day.

Chelsea Wiggins, 6th, Elydale Elementary, Mr. DiVirgilio

Get to my office right now! Oh sorry, I was busy being principal for a day. What would you do if you were principal for a day? First, I would let everybody have recess and lunch the whole day. But, if I was not feeling well I would give every kid homework. Last but not least, during recess I would let every teacher do whatever they want. Ah, someone is calling me again. Being principal is not as fun as I thought.

Warren Hamilton, 4th, Miller Perry Elementary, Ms. Jeffers

If I was principal for a day I would have a place where you can have soda. I would have a Nerf room. I would also have a lunch buffet. I would have a soda room because soda tastes very good.

I would have every soda. I would serve them in cans. They would come out of a vending machine.

I would have a Nerf room because I like Nerf.

I would have a lot of box forts and Nerf guns.

I would have every elite Nerf gun. Everybody could come. I would have a lunch buffet because I like food. I would let everybody have anything they wanted. I would ask the kids what they wanted.

These are the three things I would do if

I was principal for a day. That would be the best day of the year.

Cole Jones, 2nd, Hilton Elementary, Mrs. Edwards

If I was principal for one day there would be three tests in each class and I would let every class have extra recess and gym. Before each test the teachers will show two videos to help them understand the subject. After the tests are done the teacher will check the tests. While the teacher checks the tests, the students will do a fun activity.

Carter Derting, 4th, Weber City Elementary, Mrs. McClain

If I was principal for one day I would make a laser tag room, pizza room, and a balloon room. Everybody will come. The reason I would make a laser tag room is the kids would have lots of the best laser games. I would join the games too.

They would have laser duel games and hide and seek laser tag. For this idea, I would have a pizza room. They would have any kind of pizza. They would have a lot of pepperoni and cheese. The balloon room would have all kinds of balloons.

I would jump in them and dive in them. There would be a lot of red balloons. I would set this up in the gym on the floor. That is what I would do if I was principal for one day. This day would be extra fun!

Cash Jones, 2nd, Hilton Elementary, Mrs. Edwards

So I'm the principal of Miller Perry for one day, what would I do? Number one, I would make sure the kids would be getting good grades, listening to their teachers, and that they are learning. Number two, I also want to make sure that my kids are healthy and safe. Safety is very important and I want to make sure that everyone is in good hands. Number three, always make sure to have fun! I want to make sure that good behavior is rewarded and that everyone tries their best. Well that was fun!

What would you do if you were the principal of a school for a day?

Ella Yankee, 4th, Miller Perry Elementary, Ms. Jeffers

If I were principal for the day I would turn the school into a computer lab, make people rich, and make robots for teachers. I would turn the school into a computer lab because we could study in our classroom! If we forgot a book we could look it up. Also, if we were done with our work we could play video games. I'd make people rich because maybe some people spent all their money just so their kids could get educated and smart. The reasons I would make robots for teachers is so I can do something nice for them. For once they can take a break. These are the reasons I would make these changes if I were principal for the day. I would do three things: make the school a computer lab, make people rich, and make robots for teachers.
