

If you could plan a class field trip to any place in the world, where would you go and why?

If I planned a field trip anywhere in the entire world it would be at TNT Sportsplex. I would do it there because they have soccer, basketball, and a snack bar. I would like to go there because I like soccer.

The soccer is indoors. It is fun when you score a goal. Basketball is fun because it is exciting to score a three-pointer. It also is fun to high-five your teammates when they score. This is why I like basketball. The snack bar is cool because they have Sprite, chips, water, and barbecue chips. It is a good place to get a refreshment. This is why I would go to TNT Sportsplex if I planned a field trip.

Imagine you get to choose where your school's field trip happens, here's my choice. I would choose Wonder Works because it's a fun place. It's like an indoor amusement park and like Hands On Museum. It's shaped like an upside-down house. One reason is it's full of fun attractions. It even has a giant cell phone on the wall and a place where you can make giant bubbles. Also, it has a VR roller coaster and much more. If you like art they even have a crazy art gallery full of crazy art instead of normal art. Where would you go and why? Maybe you should write an article about it like I did.
