

# Write about a recent accomplishment.

My recent accomplishment was winning the first and second stages of the 4-H speech competition. I wrote about Crayola and how I have used their products for years. The first stage was winning in my 5th grade classroom. There were three lucky winners, and I happened to be one. Then I moved on to compete against all the winners in the county, and I won! Now, I will compete in the finals at Mountain Empire. This is one of my most recent accomplishments.
