

Describe a Fun Day Off from School.

When I am out of school, I like to play tag. My sister and cousins play in the backyard with me.

I like playing tag because I am a fast runner. Sometimes my mom takes us for ice cream when we are done. A fun day is playing tag and eating ice cream.

Britt Davenport, 1st, Hilton Elementary, Mrs. Light

A day out of school would be awesome! I would go to Chattanooga and see my cousins. My baby cousin's name is Christian; he is only a week old.

My other cousin's name is Tristen. He is 5 and a half. Everest just turned 4. Rachel and James, my aunt and uncle, are really nice. Everest and Tristen call Rachel "Ray" and it is funny. Any day out of school is fun but not as fun as this.

Hayden MacIver, 4th, Miller Perry Elementary, Ms. Jeffers

One of the most fun days off school was a weekend on Saturday and Sunday. I went fishing in Rogersville on Saturday and I caught 3 rockfish, 5 hybrid, and one shuffle bill catfish. That Sunday after church I came home and rode my go-kart, but the best part about that weekend was after I rode my go-kart. I went inside and ate a big bowl of toast and gravy with bacon and eggs.

Cade Troutman, 5th, Jonesville Middle, Mrs. Austin

I would play with my friends all day!
Alijah Castle, Kindergarten, Hilton Elementary, Ms. Howe

Days off from school are scarce during the spring, but when they come around, I make sure to take advantage of them. Since it finally got warm out, swimming in the pool is definitely the way to go. I'd invite some friends over, and we'd go swimming in the pool for hours and hours. Slumped, we would then eat watermelon and burgers because that's what warm weather is for. Honestly, I'd end up taking a long nap after they left and end up watching Netflix for the rest of the day. That's what makes a fun day off from school: sunshine, friends, food, sleep, and Netflix.

Nia Ailshie, 8th, Surgoinsville Middle, Mrs. Hensley

A fun day I had off from school was last week on Friday. My friend Lorelei Facetimed me. After that I went outside and played with my sister, Isla. I played volleyball with her. My sister made a deal with me. If I played volleyball with her, she would play Zombie Apocalypse with me. We had a fun day!

Henry Lewis, 2nd, Rock Springs Elementary, Mrs. Charlton

My fun day off from school would be to stay home, watch TV, eat chips, and stuff like that.

Adam Barber, 6th, Jonesville Middle, Mrs. Jones

My fun day was when my family and I went to New Jersey. It was fun. We went with my nana, uncle, aunt, and little cousin. My cousin complained the whole way because I wouldn't put down my window. Like, I was cold, dude. But the trip was fun. I met my other aunt. That was the first time I'd met her. She was kind and sweet. We stayed at the beach for most of the day until my uncle lost his phone. After 30 minutes looking for it we found it under his towel. We went to the boardwalk. It was around 6 or 8 but it was absolutely fantastic with the lights illuminating the water.

Ruby Sampson, 7th, Holston Valley Middle, Mrs. Taylor

The most fun thing I did off from school is go to Dollywood and go to the gym. I rode a cool new ride at Dollywood called Lightning Rod; it is very scary.

Colin Bostic, 6th, Jonesville Middle, Mrs. Jones

If we had a day off from school I'd play with my little brother outside. One thing we would do is ride our bikes in the parking lot. We would ride our bikes because it makes us stronger. We could go fast or slow or in circles. One thing we like about riding our bikes is going fast. The best part about riding the bikes is spending time together. This is what I'd do with my day off.

Mary Bear, 2nd, Hilton Elementary, Mrs. Edwards

When school was over my brother Hiram and I got home and we waited for our dad to pick us up. When we got there our mom was there. We wanted to play water balloons for a while so we filled up 2 baskets of water balloons. We threw at each other. They were as hard as a rock. Then we stopped and let our little sister throw some at us.

Jayden Head, 5th, Jonesville Middle, Mrs. Austin

My fun day off from school was when I went to Gatlinburg, Tennessee. It was last summer. We went to the Great Smoky Mountains to have a day trip. The activities we did were go-karting, walking, and zip lining. We saw trails and a waterfall that day, too. Gatlinburg is a nice area to be, as well as Pigeon Forge. We went to the Titanic Museum and got something to eat in Pigeon Forge. The longest part was walking the streets of Pigeon Forge. It can tire you out very quickly. That was my fun day off from school.

William Couch, 7th, Holston Valley Middle, Mrs. Taylor

One time when we did not have school I went to Dollywood. I was so glad I did not have school. I rode a roller coaster at Dollywood and after I rode it I never got on a roller coaster again. I also got cotton candy and it got all over my mouth. This is what I did when I did not have school.

Kayllen Lane, 2nd, Hilton Elementary, Mrs. Edwards

Days off of school are thought of as an answered prayer to most, but from my experience and a few others, it is likely to conclude that most students aren't very active when school is out. However, there can be plenty of laughs and happy faces.

Back in early December, my area got a huge amount of snow in our backyards. My parents and I went with Charlie and his parents to ride down a hill in our sweet neighborhood of Virginia Hills. We created a ramp and most of the time I fell off the side or spun hitting the snowy ground. Overall, a

nice day when snow is falling can always lead to a bunch of happy faces and some hot chocolate.

Seth Cupp, 8th, Surgoinsville Middle, Mrs. Hensley

A fun day off from school would be me at home playing with my dog.

Jace Corbin, 7th, Jonesville Middle, Mrs. Brooks

A fun day off from school was when I went on a trip to a wedding in Maine. My dad was invited, and I went too. There was a dance party, and it was at night. It was crowded with people. I even got a dress I got to keep. I was not the flower girl, but I did have so much fun. That was my fun day!

Aria Peters, 2nd, Rock Springs Elementary, Mrs. Charlton

Imagine you are out of school and your parents tell you to get in the car. You get in the car and find out they are taking you to Pigeon Forge! Once in Pigeon Forge you follow your parents to a go-kart racing place, you have loads of fun. Then you all get in your car and drive to the Titanic museum.

You feel how cold the water was and pull out your hand immediately! Then you go to dinner at a place called Carrabba's, the food is great. After dinner you drive home and fall asleep in the car and when you wake up your adventure has come to an end—you're home.

Shaelagh Durland, 4th, Miller Perry Elementary, Ms. Jeffers

A fun day off of school would be watching people play Fortnite and playing baseball. Baseball is a very fun sport. That is my opinion.

Thomas Ely, 6th, Jonesville Middle, Mrs. Jones

If I were out of school I would play with my brother Connor. We play Monopoly Jr. and Trouble. When we play board games Connor and I make a good team. We play against Caroline and my mom. That is what I would do on a fun day.

Cole Ratliff, 1st, Hilton Elementary, Mrs. Light

Do you like those days were you get out of school for snow and your mom or dad wakes you up and says you're out of school for snow? Well I know I do! What would you do if you got out of school for the snow? I would first go outside and play in the snow and maybe build a snowman. That sure does sound chilly. Then I would go inside and fix me a nice glass of hot cocoa. Next, my mom and I will have a spa day. I will give her a massage and I hope she will give me a massage. Last, my sister and I will sit on the couch and watch a movie until we fall asleep. That's what I would do if I got a day off of school and it was a snow day.

Pazlee Roark, 4th, Miller Perry Elementary, Ms. Jeffers

When I don't go to school I like to play with Dylan.
Lucas Carter, Kindergarten, Hilton Elementary, Ms. Howe

If I have a fun day off from school I will go swimming for ten hours. I will have my family with me because it will not be fun without my family. It will be in summer. I hope that I can get a free day off of everything.

Megan Fleenor, 5th, Jonesville Middle, Mrs. Austin

A fun day off from school would be time with family. Not enough families spend time together and it's not their fault. Time flies and schedules are packed. Work is often exhausting so by the time you are home you need to rest. I am thankful for my family providing for me and still spending time with me.

Kaden Ward, 7th, Holston Valley Middle, Mrs. Taylor

A fun day off from school would be me at the beach, asleep in the sun.

Carrie Wilder, 7th, Jonesville Middle, Mrs. Brooks
