If I was able to change one rule at school, it would be to have phones every day. We can do our work on it like Reading Plus, Reflex, and Flocabulary. We can play on it during lunch and recess. I would like to bring our phones to school.

Alexis Dean, 4th, Mount Carmel Elementary, Mrs. Mowell

One school rule I would like to change would be homework. I think they shouldn't give homework since kids already do a lot at school. Don't get me wrong, it's good to do some studying but homework is something else you have to do. I think studying study guides is good to make good grades but homework just doubles it. I like studying and making good grades. Some people only think kids should do studying for a test and not get extra work as homework. I believe the same way.

Chloe Bise, 5th, Shoemaker Elementary, Ms. Garrett

The school rule I want to change is no pets. I think you should bring your pets to school because everyone would be happier. You would have more fun. I think someone should change that.

Lacee Click, 4th, Miller Perry Elementary, Ms. Jeffers

There are a lot of rules at my school, but the one rule I want to change is that grades one through eight should have half a day of school on Fridays. One reason is Kindergarten gets it, so why can't every other grade? Another reason is Friday is the last day of the week, so we should have extra time to ourselves. The last reason is we will have extra time to do other activities. This is why I want other grades to have half days on Fridays.

Kaiden Brewer, 4th, Rogersville City, Mrs. Sauceman

If I could change any rule, it would be to talk about other things than just that particular class. I love talking and I am sure others do too. We all like to talk about sports, other classes, etc. I love to talk about the Lord and what He has done for me and my family during class, but we are always doing work. I still talk about the Lord outside of the classroom. That is a rule I would change if I could.

Jaycee Parks, 6th, Jonesville Middle, Mrs. Brown

The school rule that I would like to change is no running in the hallway. I want to get outside quicker. I want to also be in the car line quicker. I want to be first in the lunch line too. Running in the halls is the rule I'd change.

Emmy Horton, 2nd, Hilton Elementary, Ms. Edwards

I wouldn't change any school rule because I think they all help keep our school a stable place. Like, because of the no weapon rule, our school stays a safe place. The no electronics rule allows kids to bring them to school, just not have them out during class. Most of the time the rules help with what the kids do and don't do.

Charitee Greer, 6th, Elydale Middle, Mrs. Gulley

If I could change a school rule, it would be no homework. It would also be less work for the teacher.

Mason Tomlinson, 2nd, Nickelsville Elementary, Mrs. Gilmer

What school rule would you like to change?

If I could change a rule I would change it to bring your pet to school. Every time I leave to go to school my dog cries. The reason I want to bring my pet to school is because my dog wants to come to school. The other reason is my dog tries to get on the bus. This is the rule I would like to change.

Deaven Lawson, 2nd, Hilton Elementary, Ms. Edwards

A school rule I like to change? I'm pretty happy about some of our rules but the one I don't like is not being allowed to bring outside drinks or food unless they are for lunch. I think we should change it because some people may not have money to bring for special snack but they could bring it from home.

Kinsley Longworth, 5th, Pennington Middle, Ms. Elkins

If I could change or add one school rule this is what I would do. I would get rid of the dress code at my school and add customizable school uniforms. You could go online and make them. One way this helps is it lets students express themselves in their uniforms. Another way this helps is kids wouldn't get distracted with their uniforms, like some kids do with their regular clothes. In conclusion, this is what I would change if I could.

Carter Harris, 4th, Miller Perry Elementary, Ms. Jeffers

One school rule that I would want to change is you have to come to school before 8:15 am. I am pretty tired, and I can't concentrate on your work because I am tired. If you ride a school bus you usually have to get up about 6:00 am, and that is way too early. Plus, you have to stand out there and wait at a bus stop. I would change this school rule and make it where you go to school 9:15 am to 4:00 pm.

Mariela Hartsock, 5th, Jonesville Middle, Mrs. Austin

The rule I would change is that Kindergarten can go on the monkey bars.

Willow Taylor, Kindergarten, Hilton Elementary, Mrs. Fishel

I can only think about two school rules that I would like to change. The first one is how children have to sit for so long. I think when half bell rings you should be able to get up and stretch and use the restroom. Once I had a really nice substitute who let us do that. Even though only forty-five minutes had passed, when I got up I started getting dizzy because I was sitting so long. The other rule I would like to change is how expensive snacks are in the snack room. I don't think that children should have to pay that much for something to eat. Those are the only two things I can think of.

Taylor Shupe, 6th, Jonesville Middle, Mrs. Jones

If I could change a school rule I would make math longer because I like math. It's so fun, and it's so educational. Some people like it because people can accomplish things that they couldn't accomplish. People can have a job like a construction worker. You have to lots of math in that field. You have to measure how long you want a bridge or wood to be. That's why I want to make math longer.

Dominic Scott, 4th, Mount Carmel Elementary, Ms. Tipton

If I could change a school rule, I would say that we can get as much ice cream as we want! I love ice cream so much. I would get a lot. That is what I would do if I could change a rule.

Avery Bruner, 2nd, Rock Springs Elementary, Mrs. Charlton

If I could change a school rule, it would be having school only 2 days a week. I could play video games every day such as Echo, Madden 20, NBA 2K19, WWE 2K20, Fortnite, and Paladins. I could also play with my dad at the farm.

Price Gillenwater, 2nd, Nickelsville Elementary, Mrs. Gilmer

If I could change a school rule, it would be to have Chromebooks all day.

Wyatt Begley, 3rd, Fort Blackmore Primary, Ms. Burke

If I were to change a school rule, it would be how many library books we are allowed to check out. I think this should be changed. I finish my library book halfway through the week. If I were the librarian, I would let each student check out two books each week. I would like to see a library rule change.

Mason Mould, 4th, Mount Carmel Elementary, Mrs. Morelock

The school rule I'd like to change is no chewing gum because it can help you focus or help relieve stress. Gum also tastes good, in my opinion.

Cayden Brock, 7th, Jonesville Middle, Mrs. Brooks

If I could change a school rule, it would be that we could sit wherever we want. Like we could sit with our friends. But, it would probably be a bad idea to do that because someone could get in trouble for talking.

Piper Braswell, 2nd, Rock Springs Elementary, Mrs. Charlton

I love my school so much. I don't want to change any rules, but I will tell you about a rule. I want to tell you about bullying. I do not like bullying because it makes a kid's day dreadful, and I do not want kids to have bad days. I haven't been bullied before, but if I had it would be awful. This is why I am glad that bullying is not allowed at my school.

Lottie Baugh, 4th, Rogersville City, Mrs. Sauceman

I would change school to only come on Monday.

Jace Carrier, Kindergarten, Hilton Elementary, Mrs. Fishel

If I could change a school rule, I would not change a rule. We need rules. If I change a rule, everyone would get away with stuff.

Isabella Mack, 2nd, Fort Blackmore Primary, Ms. Burke
