When I grow up I want to be a paleontologist. I love to dig and discover new things. Also, I want to find footprints of dinosaurs. I would love to find T-Rex fossils! I love velociraptors. They're my favorite. Did you know the first dinosaurs roamed the earth over 240 million years ago? Some dinosaurs were as tall as a four-story building! Did you know that dinosaurs lay eggs? Also one dinosaur has spikes on his back and tail. Those are facts about dinosaurs.

That is what I want to be when I grow up.

Jalyne Cole, 2nd, Mount Carmel Elementary, Mrs. Short

What is your dream job? Well, mine is being a horse rider so I can spend every second of my career with horses. I would like to have this job because I would get paid to win contests like jumping, dressage, and barrel racing. I would love this job so much and have a lot of fun riding horses every day. Since dressage is about precise and planned moves I would get to work with different types of horses.

In conclusion my dream job will always be riding horses.
