Dear Mrs. Amyx, I would like to thank you for teaching me all I need to know. You help me get better at subjects. You also make it where school can be fun. You make the whole subject fun! I wouldn't have known some of the stuff I do if you hadn't explained it well! I have a fun time in your class every day! I can get my work done because of how well you teach it! I've had so much fun already with you and it's only the start of the school year. With the knowledge you've taught me so far, I already know I'm going to be successful in middle school next year! So, I would like to give you a "Thank you."

Many people have been kind to me but one in particular is my cheer coach Kalena. I'd like to thank Kalena for being the most amazing and supportive coach. She never fails to make me feel like my mistakes can be fixed and that it is just a cheer or stunt and not the end of the world. She has taught me so much and made cheer my favorite sport. She's taught me things I've never known, like how to stunt, how to be sharper in my cheers, and most importantly how to be kind to others because she was so kind to me when we go to competitions, she never fails to make sure we are all nice to the other teams and I love that.
